But the story isn't that simple. *Stocks on the Move* outlines a rational way to invest in the markets for the long term. It will walk you through the problems of the stock markets and how to address them. It will explain how to achieve twice the return of the stock markets at considerably lower risk. All rules and all details will be explained in this book, allowing anyone to replicate the strategies and research. Andreas F. Clenow is the chief investment officer and partner of ACIES Asset Management, based in Zurich, Switzerland.
