War on the Middle Class: How to Fight Back

Lou Dobbs

War on the Middle Class: How to Fight Back Lou Dobbs

Through his nightly CNN show *Lou Dobbs Tonight*, his syndicated radio program, and his monthly magazine column, Lou Dobbs has become one of America's most visible, popular, and respected voices on business and financial matters. Now, with *War on the Middle Class*, Dobbs takes an impassioned and rousing stance on the all-out class war that is turning the American dream into a nightmare.

The middle class has never been so vulnerable. Its every feature is under assault by politicians and the lobbyists who court them, corporations that send jobs overseas, and a media that relies on sensationalism instead of facts when reporting the news.

In a sweeping analysis, Dobbs looks at every aspect of the decline of the middle class, from a lack of political representation to America's corrupt health-care system. He demonstrates that the gap between America's newest haves and have-nots is not merely financial, but instead involves the erosion of education, employment, government, and community. Dobbs proposes a series of measures to resolve each issue and incite people, whose future is being mortgaged to benefit a powerful few, to preserve their rights and dreams.

War on the Middle Class is provocative, incendiary, and bound to be widely discussed; it's the perfect book to establish the terms of debate for future elections.
