**TIERRA, MAR Y AIRE (Spanish Edition)** Parragon Books

Desde el origen de los tiempos, el hombre ha luchado por proteger, defender o ampliar los imperios que ha construido. El armamento militar innovador ha demostrado ser un elemento esencial para garantizar la longevidad prospera de los asentamientos. A lo largo de miles de años el escenario de la contienda se concentró en tierra y mar, y no ha sido hasta fechas recientes cuando el cielo se ha convertido en otro campo de batalla con efectos devastadores. Con la invención del avión nació el concepto del poder aéreo. Por tierra, mar y aire, este libro disecciona más de 60 máquinas increíbles de todos los tiempos preparadas para la batalla a través de magnificas ilustraciones en corte en 3D y fichas de cada vehículo, además de mostrar fascinantes escenas bélicas que demuestran el éxito de la maquinaria de última generación en tiempos de guerra. Descubra como los vertiginosos avances tecnológicos han permitido evolucionar de los primeros carros hititas al tanque T-34, de las galeras romanas al portaaviones de clase Nimitz, o del Fokker DR1 al F-14 Tomcat.
