## **Knitting** Kathy Wilston

Countless Amazing Patterns to Knit I have collected some of my favorite knitting patterns for your enjoyment. All of these patterns can be found online for free, and where possible I have given credit to the original designer. None of these patterns is my own, and I do not claim any as my own. Knitting is a wonderful craft to learn, and in this book we'll explore some easy and intermediate patterns. We'll also spend a bit of time refreshing your skills, or if you're a beginner learning basic stitches and techniques. Once you're finished with this book I hope you'll be ready to move onto to more challenging and advanced patterns. I feel part of the fun of knitting is creating something with your hands that is unique and one of a kind. So feel free to put your own spin on the patterns which follow. If you don't like the colors listed, use your own. If you want to change the gauge of a pattern simply move up or down a needle size.
