**A practical guide to the new economy that is transforming the way we live, work, and play.**

Uber. Airbnb. Amazon. Apple. PayPal. All of these companies disrupted their markets when they launched. Today they are industry leaders. What's the secret to their success?

These cutting-edge businesses are built on platforms: two-sided markets that are revolutionizing the way we do business. Written by three of the most sought-after experts on platform businesses, *Platform Revolution* is the first authoritative, fact-based book on platform models. Whether platforms are connecting sellers and buyers, hosts and visitors, or drivers with people who need a ride, Geoffrey G. Parker, Marshall W. Van Alstyne, and Sangeet Paul Choudary reveal the *what*, *how*, and *why* of this revolution and provide the first "owner's manual" for creating a successful platform business.

*Platform Revolution* teaches newcomers how to start and run a successful platform business, explaining ways to identify prime markets and monetize networks. Addressing current business leaders, the authors reveal strategies behind some of today's up-and-coming platforms, such as Tinder and SkillShare, and explain how traditional companies can adapt in a changing marketplace. The authors also cover essential issues concerning security, regulation, and consumer trust, while examining markets that may be ripe for a platform revolution, including healthcare, education, and energy.

As digital networks increase in ubiquity, businesses that do a better job of harnessing the power of the platform will win. An indispensable guide, *Platform Revolution* charts out the brilliant future of platforms and reveals how they will irrevocably alter the lives and careers of millions.
