## Manual for Radiation Oncology Nursing Practice and Education

This new, third edition, based on current evidence, supports the ongoing efforts of radiation oncology nurses to provide quality care to patients with cancer. You will find expanded coverage on issues such as patient education, assessment, symptom management, radiation protection, and more. Included are new sections on evidence-based practice, new technology, pediatrics, palliative care, nuclear and radiologic bioterrorism, and clinical trials. With many nurses entering the specialty of radiation oncology, this edition provides specific guidelines for the education of nurses new to radiation oncology, and for the practice of quality radiation oncology nursing care.
