## **Wild Harmony** Jim A Coyne

This is a story of expanded thinking told through an experience in the American frontier. Bears, wolves, buffalo, elk, moose, mountain lions, and wild people coexist within the Yellowstone ecosystem. Beneath the surface and behind the curtains are countless individuals who spend their time clearing trail, patrolling the backcountry, rescuing lost hikers, attending to car accidents, responding to wild fires, and preserving the general order of things. These people sometimes wear the green and grey of the park ranger or else they be strangers in the wind who have come to experience wild harmony.
