Water gardening is making a big splash in today's landscapes. Called the fastest-growing part of the landscape industry today, the installation of water features in the landscape is a multi-billion dollar market. It's easy to see why. From ponds and streams to pools and water stairs, fountains, containers, and bubbling urns, *Water Garden Idea Book* has it all. Special emphasis is given to siting all types of water features and how to install a water feature yourself. Extensive resource list is included.
