Loving Mother or Child Abuser?: The Stapleton Family Tragedy (Volume 1) Brenda Irish Heintzelman
Kelli Stapleton is the Michigan mom who admitted she attempted to murder her autistic daughter. Her supporters ask that you not judge her until you have walked in her shoes. They claim she was simply overwhelmed by the stresses caused by raising her autistic daughter. However, it appears to many others that Kelli Stapleton is a con who has been using her daughter's autism to play the martyr and to continue getting what seems to be her never-ending need to be the center of attention. Is she a loving mother or child abuser? You be the judge - and no, you do not have to "walk in her shoes" to realize that attempting to murder your own child is never an option.
