The government, long hidden inside of hidden military bunkers is now starting to come out of hiding to deal with threats, both foreign and domestic. The threat of misinformation and the remaining survivors general unease, force the President to come out of hiding and break his silence.

Weeks after Sandra's near abduction, Blake and Sandra are arrested, to be tried for treason. There's just one catch, somebody they thought had been removed from the playing field had in fact survived.

With the new information, the threat now coming overland from Mexico and into the Southern United States, the nation needs to pull together.

This is the last of the series that deals directly with Blake and Sandra at the Homestead. Subsequent books will be about the invasion, and how the nation as whole tries to pull itself back together.
