Candace Bristol has always been obsessed with comic books, but in a world where the nightly news often mirrors these inked stories, her dreams of becoming a real superhero could actually come true. After being rescued by members of the government's AdvaNced Genetic EvoLution (ANGEL) Project four years ago, getting recruited for this elite team is all she's wanted. Now 18, she's finally reached her goal after years of study and physical training, but little could have prepared her for life as a genetic experiment. As though coming to terms with her new ability to manipulate water isn't tough enough, she never expected to be swept off her feet by one of her fellow recruits. With genetic alteration, the threat of physical and mental instability hangs over every superhero like a shadow. When one of their own tumbles over the edge of madness, Candace will have to choose between protecting the world, and saving the one who holds her heart.
