This floret like bracelet is created using right angle weaving technique. The floret pattern is formed by two petals per row where some beads are overlapping with each other. Right-angle weave is so-named because of the way the beads lie at right angles to one another.

The tutorial is catered for intermediate to advance students. It has in-depth instructions and ultra-clear, close-up photos at each step. Additionally, you can ask me question you have on the tutorial. No more getting stuck and frustrated on a confusing or just plain inaccurate pattern.
