My Erotic Doctor Exam (inspired by true events): Sex Stories from Real-Life Female Doctors (Erotic Stories From Real-Life Female Doctors Book 1) Lance Mayhem

Excerpt:

The Dr. slipped on a pair of rubber medical gloves. "Turn around and bend over," she said in a soft but compelling voice. I complied. "You're going to feel some pressure and some cold from the gel," she said.

Description:

A visit to a female Urologist has some unexpected surprises in this erotica short story.

Using real life Dr. exams as his source, Lance Mayhem weaves a sex story that will give new meaning to the term "bend over". "The Fertility Clinic" places the reader inside the office of Dr. Connie Yeager as she performs a series of Urological and fertility exams on her male patient.

Mr. Mayhem describes these encounters in full detail, leaving nothing to the imagination while drawing the audience into the world of an erotic doctor exam. Female domination has nothing over this.

After reading this, you may never see a male physician again.

About the Author:

I've always enjoyed writing for fun, but a recent visit to a female urologist motivated me to create a series of erotic work for publication. The stories I tell are based on actual events that happened to either myself or other patients (I changed names to protect anonymity).

I had a lot of fear and trepidation about what would happen during my medical exam. After a little research, I discovered I wasn't the only man with those concerns. Lots of men have them.

I wrote this book to help men deal with the fear and the embarrassment they may feel when visiting a female Doctor. I've learned these feelings are perfectly natural, but are largely unwarranted. My hope is that my readers will come away with a more positive attitude towards their doctor while having a bit of fun at the same time.

My medical exam turned out great, and it even improved my sex life. I hope you enjoy reading my work

while embracing it in the spirit it was intended.

Take care,
Lance Mayhem
