This is the first guide to implementing a complete set of policies and procedures for small government contractors working with the Defense Contract Audit Agency (DCAA), the Defense Contract Management Agency (DCMA) and other government agencies. The work covers major areas to include: Billing, Timekeeping, Cost Accounting, and 35 additional areas relevant to small company financial management and contractor compliance.

The format is simple:

- **Government Requirements:** Statute, Regulations, and Guidance are replicated within the work and directly associated with the relevant section such as Timekeeping or Billing.
- **Discussion:** The government requirements are discussed and explained in terms that small contractors can translate into real business practices.
- **Sample Policies and Procedures:** Page after page of usable policies and procedures supplemented by flowcharts are included for each subject area. Registered purchasers of the new book from Amazon receive electronic copies of the entire sample policies and procedures to include the flowcharts for their customization.

Electronic copies of the policies and procedures are available to registered owners of the book purchasing the current edition (new) from Amazon directly. Purchase of used copies or copies from vendors other than Amazon on the Amazon website do not qualify for electronic copies or updates.
