Deceived (Soul Keeper Series) (Volume 1) L. A. Starkey

They say a soul is the immaterial essence, the animating principle, the actuating cause of an individual life. But what if you had to share yours with the one person you hated the most? The soul mate principle states that for every one soul there is another that will recognize its match, hence creating the perfect union. But what if you had two soul mates, which would you choose? What if your choices had eternal ramifications? Deceived, the debut novel in the Soul Keeper Series, is a modern day love story about the implications of having more than one soul mate, and having to choose between the two of them. The decisions of the gods has left the next generation, their heirs, torn between fate and reality, and the balance of the future hangs in anticipation of what's to come.
