An authoritative and visually stunning look at the fashion of the 20th century, *Dressing the Decades* examines in depth the origins of the most important luxury garments. Each sumptuously illustrated chapter features a detailed overview of a particular decade, including the historical events, politics, technology, and advertising that inspired its most celebrated designs. By offering a thorough socio-economic context for the progress of high fashion through the years, the book provides a new perspective on such iconic items and significant trends as the cocktail dress, the Chanel suit, the tunic dress, boho chic, Futuristic chic, and others.

The century's most famous designers – including Lanvin, Chanel, Balenciaga, Dior, Givenchy, Versace, and Calvin Klein – are profiled here, their influence and imagery conveyed through annotated head-to-toe looks and photographs of signature pieces and outfits. Also included are other, all-but-forgotten designers whose work nonetheless changed the way clothing is designed, made, promoted, and sold. Beautiful illustrations include design drawings, fashion photographs, and vintage fashion advertisements; together with an introductory timeline, this exceptional volume presents a meaningful narrative for the creation and lasting appeal of the past century's fashion.
