Can mistletoe create magic that college never could?

Curled up with a romantic novel by a warm fire is how Caitlin Butler plans to spend Christmas Eve until an ill, stray kitten tugs on her heartstrings, bringing her face-to-face with the college boy she couldn't have-- Noah Sullivan. Watching the selfless veterinarian care for the sick kitten melts her heart, flooding her with long-forgotten emotions. Knowing she should leave, the pull of undeniable feelings and the tantalizing mistletoe tempt her to stay with a promise of what could be...and what should have been. Can the magic of mistletoe change the past and give her the Christmas she's always wanted?

This is a very short story (9,000 words) companion to the Bar V5 Ranch series.
