Based on bestselling book, *Clarity*, this new edition has been distilled to the essentials, getting right to the point. As you think less, you'll win more — at work, at home, and at the game of life as a whole. You'll rid your mind of clutter for good as you focus on what matters, and finally free up the time you need to pursue your dreams.

Life's constant bombardment of "to-do" and "urgent" pushes your own priorities clear off the radar. Before you know it, you're always busy, but not getting very much accomplished. Personal goals fall by the wayside as you struggle just to keep up with day-to-day life. This book shows you how to cut the noise and clear the fog, and start working on what matters to you.

- Harness the power of insight and principles
- Discover your true identity and innate wisdom
- Build better relationships and stronger connections
- Discard toxic goals and pursue authentic desires

Clarity is the mind's natural state, a state to which it will always return if given the chance. Although it's evident in children, most adults have had this ability conditioned out of them by our "go-go-go" society, leaving them mentally muddy, stressed, and ineffectual. *The Little Book of Clarity* helps you erase that conditioning and gain the peace of mind to live a life you love — permanently.
