What type of skier are you? What are your strengths? What are your weaknesses? How can you improve your skills and your downhill experience? *Total Skiing* was developed specifically to help you answer those questions.

Author and renowned ski instructor Chris Fellows shares his proven pyramid program for assessing skills and creating your skiing profile. Step by step, you'll identify exercises to enhance those skills and create a personal training program to improve functional movement, including stability and mobility, ski-specific fitness, essential ski techniques, and tactics for performance on all terrains.

Total Skiing also includes sample programs for each skier type that offers guidance from preseason to postseason with dry-land and on-snow drills for foundational, intermediate, and advanced performance solutions.

Whether you are looking to polish your skills, conquer the new terrain, or compete on circuit, *Total Skiing* is your total guide to exhilarating all-mountain skiing!

From reader reviews:

Linnie Martinez:

What do you consider book? It is just for students since they are still students or the item for all people in the world, what the best subject for that? Only you can be answered for that concern above. Every person has diverse personality and hobby for every single other. Don't to be compelled someone or something that they don't need do that. You must know how great and also important the book Total Skiing. All type of book are you able to see on many options. You can look for the internet sources or other social media.

Elena Sparrow:

Do you one of the book lovers? If so, do you ever feeling doubt while you are in the book store? Attempt to pick one book that you find out the inside because don't assess book by its deal with may doesn't work this is difficult job because you are scared that the inside maybe not because fantastic as in the outside look likes. Maybe you answer is usually Total Skiing why because the fantastic cover that make you consider in regards to the content will not disappoint an individual. The inside or content is definitely fantastic as the outside or perhaps cover. Your reading sixth sense will directly make suggestions to pick up this book.

Breanne Gardner:

Many people spending their time period by playing outside along with friends, fun activity having family or just watching TV 24 hours a day. You can have new activity to enjoy your whole day by reading a book. Ugh, do you think reading a book really can hard because you have to bring the book everywhere? It okay you can have the e-book, having everywhere you want in your Touch screen phone. Like Total Skiing which is finding the e-book version. So , try out this book? Let's view.

Mary Kerr:

A lot of people said that they feel bored stiff when they reading a book. They are directly felt this when they get a half regions of the book. You can choose the actual book Total Skiing to make your own personal reading is interesting. Your own skill of reading skill is developing when you such as reading. Try to choose easy book to make you enjoy to read it and mingle the impression about book and reading especially. It is to be 1st opinion for you to like to wide open a book and go through it. Beside that the e-book Total Skiing can to be a newly purchased friend when you're feel alone and confuse with the information must you're doing of the time.
