The idea of leadership failure and derailment has been brushed under the carpet for far too long and only now are statistics appearing on the sheer numbers who fail. *Backstabbers and Bullies* provides the latest psychiatric and clinical perspectives on dark side behaviour, including:

- Recognising and coping with over-confident, narcissistic and psychopathic leaders;
- Causes of leadership derailment and failure;
- Corrupt corporate cultures; and
- The criminal personality.

Fascinating reading for anyone who has worked alongside a corporate psychopath, business narcissist or histrionic show-off, *Backstabbers and Bullies* goes beyond the science to explain how to better understand, manage and prevent dark-side behaviour, as well as presenting advice for reducing derailment potential for yourself, your colleagues and your organisation.
