God Only Knows - Can You Trust Him with the Secret? Joe Camp

Learn how God orchestrated the successes of Benji and The Soul of a Horse even while Joe Camp was headed off in other directions. Joe spent decades butting heads with God. He fancied himself a believer, but only, in truth, because he had been brought up to be. He had never really given it much thought. God was there, somewhere. Just not much of a factor in his life. Or so he thought until the day God actually spoke to him. Joe says. "He couldn't have painted a better picture if He had waltzed into Dallas, placed his hand around my throat and said, 'Look stupid, I've gone to a lot of trouble to set all this up, now back off and let this man talk!'" What happened next began a relationship with God that would turn his life on its ear and leave him forever changed. But it took another twenty years for Joe to fully, unequivocally trust God. And to actually see the way God had been active in his life from the beginning. To understand how every devastation that he believed to be surely the end of life as he knew it had to happen exactly as God orchestrated it or there never would've been a Benji. Or a Benji film that became the #3 movie of the year. And there never would've been a best selling book that is changing the lives of horses all across the planet. Or a second love of his life after his Carolyn was called home. God Only Knows is like reading a novel, emotionally involving and full of conflict while ever shredding away the camouflage of our resistance to fully trusting God so that we might ban the worries and concerns and climb out of the devastations because we know He is there, front and center, giving us the actual evidence that He is actively involved in our lives and loves us. Evidence that we can see and feel and touch. Joe had to learn that God's plan almost always involved the dreaded word change; that very harsh times are often the cook pot of wonderful events; that God is always working in your life whether you want Him to or not. All of that is what this book is about. While hopefully inspiring others to listen up. To experience for themselves that moment when you blink through astounded eyes and realize that what you just witnessed was God in your life. To develop a truly personal relationship with Him, and to absolutely trust Him. Hopefully a little sooner – no, a lot sooner - than Joe did.
