The Finance Coach Lindsey Byrne

This book guides readers simply through basic financial concepts, until they can understand and interpret published accounts to enable them to evaluate the performance of customers, competitors and suppliers.

The book also focuses on management accounting, helping managers to compile budgets, control and manage costs, justify investment ideas and negotiate for funding and resources with their senior managers/the board and the finance department.

By the end of this book each reader will feel confident:

- managing their business area for improved financial performance
- conversing financially with colleagues, bosses and finance professionals setting and monitoring financial objectives and targets for their staff
