## **The Sonnet Collection of William Shakespeare: Translated & Analyzed** George Manos

William Shakespeare's sonnet collection translated and analyzed. This is intended for the student and interested reader who are attempting to comprehend the poetical technique, skill and sheer mastery of the artist. This newest revision contains analysis that, I believe, contributes to the knowledge of the artist's sonnet collection. Since this publication there have been many new works that have provided a similar attempt; from the scholarly to those that serve as student aids. This is largely commendable and a realization of one of my own goals; that is, to further interest in this field. There are two critical distinctions I would like to elucidate here; first, my analyses are not only written for the purpose of a literal understanding of the work but are written in a poetic vein so that their spirit is conveyed in yet another dimension. This is related to the second distinction; my own analyses have the added advantage of being written by an author who has published his own original sonnet collections (as well as several other original poetry publications). This, I feel, is evident throughout this work; lending not only a deeper appreciation and understanding of Shakespeare's work, but in a manner that is both entertaining and inspiring, as well.

What kind of hang type is it? Oh come on its mind hangout guys. What? Still don't buy it, oh come on its called reading friends.

#### **Craig Brown:**

As a scholar exactly feel bored to reading. If their teacher requested them to go to the library or to make summary for some guide, they are complained. Just tiny students that has reading's heart and soul or real their pastime. They just do what the teacher want, like asked to the library. They go to at this time there but nothing reading seriously. Any students feel that looking at is not important, boring and can't see colorful photos on there. Yeah, it is to become complicated. Book is very important for yourself. As we know that on this time, many ways to get whatever you want. Likewise word says, many ways to reach Chinese's country.

So , this The Sonnet Collection of William Shakespeare: Translated & Analyzed can make you really feel more interested to read.
