The Bondage of the Will Martin Luther

Along with Erasmus's *On Free Will*, Martin Luther's *On the Bondage of the Will* is one of Christian literature's great classics. In this 16th century work, Luther claims that Erasmus's argument of free will's existence is not valid due to an overwhelming influence of sin. *On the Bondage of the Will* is a fascinating glimpse into not only one of the most recognized minds of Europe's sixteenth century thinking men, but also the daily religious challenges many Europeans faced during the early Reformation period.
