*Where there is horror can there be love?*

Jackson Hart is a survivor. It's been two years since the virus first hit the country, and she watched almost everyone she loves die...or turn into zombies with a ferocious and insatiable appetite for flesh. Her instincts and her machete keep her alive, even if she's forgotten almost everything she knows about *living*.

Luke Granger never expected to see another living human being, let alone that she'd be a fiery little thing who stirs his blood. Outnumbered by the dead, their only hope of survival is to get the hell out of Chicago and head south. Food is running out, and the walking dead are no longer mindless.

Jackson and Luke finally have something to live for—if they can just survive the night.
