Play Like a Grandmaster (Batsford Chess) A.A. Kotov

Alexander Kotov's trilogy, of which this is the second volume and now available in digital format for the first time, marks a landmark in chess literature. For the first time, a leading player managed to tackle the important elements of chess mastery in a methodical way which all chess players could understand, spiced with insight and colourful observation. Furthermore, his ideas and approach are as relevant to players today as they were when the books were first published. Alexander Kotov was one of the strongest players of the immediate post-war period, twice reaching the Candidates stage of the World Championship. He was also one of the leading Soviet trainers but is primarily remembered for his trilogy of classic works on chess coaching, of which Think Like a Grandmaster, one of the best-selling chess books of all time, was the first volume, and Play Like a Grandmaster the second.
