CCNA Discovery Course Booklet: Networking for Home and Small Businesses, Version 4.0 Cisco Networking Academy

The Cisco CCNA Discovery curriculum provides foundational networking knowledge, practical experience, opportunities for career exploration, and soft-skills development to help students prepare for entry-level careers in IT and networking. CCNA Discovery Networking for Home and Small Businesses, the curriculum's first course, is pivotal to student success. While extensive online study resources and comprehensive textbooks are available, many students and instructors have requested a low-cost printed resource that can be used to study in places where Internet access may not be available. This booklet is that resource. Drawn directly from the online curriculum, it covers every skill and competency presented in this course. This simple, straightforward booklet gives students new flexibility to study offline, highlight key points, and take handwritten notes. All topics are correlated directly to online web pages, helping students easily switch between offline and online content.

Covers the latest version of CCNA Discover Networking for Home and Small Businesses, the first course in the CCNA Discovery curriculum
