Five brides for five brothers...at least that's the deal the Daltons have struck with their boys. Each son must marry in order to inherit a piece of the ranch they love so much.

When the new ranch hand the Daltons hire asks Cash for assistance, he's all in—until he learns it involves a Mexican daughter and a marriage license. His first instinct is to run the other direction. But he figures he needs a wife and she needs help, so it's a damn good bargain.

Maya Perez is desperate to get out of her home city and into the States, where she can make a better life. When her only living family member, her father, sends for her to come to Texas, she's met by a gorgeous cowboy and an offer of marriage.

Cash figures being hitched to a woman is no different than taking care of cattle, but his bride is driving him crazy. Between her sharp tongue and soft curves, he's over his head. Finding common ground might be the only way to tame his little bride.
