Mission San Luis Rey: A Brief History

Harry Kelsey

Mission San Luis Rey: A Brief History Harry Kelsey

Newly revised and updated, this book provides the first complete story of one of California's most important historical and archaeological sites. It explores the story of the Mission and its people starting with the pre-European era, followed by the arrival of the Spanish and the start of the mission era, through secularization, decay, and then rebuilding. The book features over 70 historic photos, maps, and drawings, many previously unpublished. This is the engaging story of what is arguably the finest mission church in California, retaining most of the features that it had when it was finished nearly two centuries ago. As the author notes, "There are not half a dozen buildings in the state with that sort of history."
