Hidden in the Shadows Taylor Thorpe

These are real people brave enough to share their life stories. They do not seek pity, nor wish to make feel guilty their bullies, their parents, or anyone that has done them wrong. They all have a story to share with hopes that those who are going through the same things realize they are not alone, and that those who do not understand the thought of suicide will develop if not an understanding, then an acceptance of that that is considered not "normal." If you are experiencing some of what's happening in this book, you are not alone. If you are someone that thinks these things only happen to "crazy" people, I encourage you to open your mind and open your heart to these stories and possibly walk away from this with an understanding of what drives people to do what they do. Until now, you've lived in the light of life. Welcome to the world hidden in the shadows.
